

Hello Enigma World Code Group Friends,

March's Enigma history newsletter has arrived. "The man who started The Battle of the Atlantic" begins his "final patrol." Interested? Use Auto typing from October's newsletter and find-out who he is.

Remember the **Amateur Radio Special Event** on **April 12**. Beginning at 0001 UTC on Saturday, I will be operating as N7E(nigma) to honor the 74th anniversary of the first wartime Enigma decrypt within 24 hours accomplished by Bletchley Park during April, 1940. I will be on SSB, 7.250, 14.270, 21.400, and 28.450, depending on band conditions. Bletchley Park will also be on the air as GB3RS from 0600 to 1100 Mountain time. Try for "the double." Our Special Event notice is in April's QST on page 94. We will have some really cool QSL cards for you, too. You do not have to be a radio amateur to participate. Find a neighbor or friend who is a ham, show them this announcement, and you can talk over the airwaves as long as they are sitting there beside you. We will terminate the event at 2359 UTC.

Let's use my codesheets, March 20, 1944: (Start decrypting with, "TCG . . .")
