

Hello to all of my Enigma World Code Group friends,

I had never heard of U.S. Army Major P.W. Evans before. Talk about a man before his time . . . wow! I have a feeling that all of my fellow veterans out there will decrypt this message and nod their heads and say, "Yup. That's the way it works." Let's use my U-571 codesheets, November 29, 1944. Please use "Auto type" (see October's Newsletter from 2013, the first year). The Kenngruppen is alive and kicking.
